

Class List – June/July 2021

Tropics, Wed., June 16, 11am – 3pm 3 sessions \$60

Warm up your summer with a sizzling quilt. Bonnie's original design uses both hot and cool colors. It's a fun piece to use those fabrics you look at and say, "Why did I buy that!" This is a paper piecing project. If you weren't able to learn paper piecing before, you will in my class. Patterns are \$3 to cover copy cost.

Luminous, Wed., June 23, 11am – 3pm 7 sessions \$140

This beautiful quilt, with off-set blocks on point, will make you go WOW! The pattern shows dawn and dusk colors, but you can select any colors you like. This Block of the Month is a great skills project. You will learn the importance of accurate cutting and quarter inch seams. Making this quilt certainly improved my skills. The pattern is very well written. Pattern cost: \$28

Basic Binding, Wed., June 30, 1 – 3pm \$10

Binding is so important to finish your quilt. Using the correct width will make the binding fit well. Finishing by hand will give you better control of the end result. Finishing by machine gets the job done faster and just takes a few tricks to get it exactly right.

Landscape, Wed., July 7, 11am – 3pm \$20

Bonnie will teach you her method for creating a landscape wallhanging. Fusing takes over where we used to hand applique. You will find a photo that you like to work from. Then select fabrics that you think will make the landscape work. Bonnie will bring her scrap box for added fabrics. We will make a small design to keep the stress out of creating.
